MEMORANDUM FOR: Acting Deputy Director for Intelligence

Ed:

Recently the Director met with Charlie Schultze, Director of the Bureau of the Budget, to discuss the Agency's Program Memoranda covering FY 1968 through FY 1972. Mr. Schultze and his staff were highly complementary about the Agency's product and the progress we have made in developing a PPB system.

The credit for this work rests with those officers in each Directorate who developed the programs, and I should very much appreciate your passing along my compliments for a job well done.
